

# Walk Like an Egyptian

Year 6  
Spring Term

The **Pyramid of Khufu** at **Giza** is the largest Egyptian pyramid. This incredible structure weighs as much as 16 Empire State buildings! Both Egyptian men and women wore make-up. The eye paint was usually green (made from **copper**) or black (made from **lead**). As well as offering protection from the sun, the Egyptians believed make-up had magical healing powers, too!

Unwrapped, the bandages of an Ancient Egyptian mummy could stretch for **1.6km**. Yikes!

The Egyptian alphabet contained more than **700 hieroglyphs**!

Uncover the meaning behind these ancient symbols by checking out our awesome **hieroglyphics** feature.

Ancient Egyptians believed in more than **2,000** deities! They had gods for everything, from dangers to chores! Each had different responsibilities and needed to be worshipped so that life could be kept in balance.

**Cats** were considered sacred animals by the Ancient Egyptians. It's thought that most families kept a cat as a pet, which they believed would bring the household good luck!

Love playing board games with your pals? Well, gang, so did the Ancient Egyptians! One popular game was **Senet**, which was played for over **2,000** years! The game involved throwing sticks (in the same way we throw dice) to see how many squares to move your piece forward on the board.

The Ancient Egyptians **invented** lots of things we still use today, such as paper, pens, locks and keys and – believe it or not – toothpaste!

This term, we shall experience...

- A trip to the **British Museum**, to see the amazing Egyptian artefacts
- DT - creating a healthy salad.  
(approximate cost: £1.50)

Some of the questions we hope to answer this

term are...

Who was Howard Carter?

Where in the world is Egypt?

Why was the River Nile so important?

How did Egyptians communicate?

Was the Egyptian social system fair?

Who were the Egyptian gods?

How and why did the Egyptians make

pyramids?

What is mummification and why did they do it?

# What will we be doing in each subject?

In **English** we will be writing short stories, mummification instructions and creating non-fiction pages.

In **Science** we will be learning about light and electricity; making a variety of circuits.

In **Computing**, we will be exploring programs involving scratch and microbits.

**PE** lessons will cover dance and gymnastics, as well as invasion games including tag rugby and hockey.

**Art** and **DT** lessons will focus on sculpting canopic jars from clay, creating Cartouches and exploring patterns.

In **Humanities**, we will be identifying artefacts, considering what it takes to be an archaeologist, and how we have found out about the past.

In **French**, we will be learning about verbs.

In **Music**, we are focusing on creative composition using both singing and instruments to explore our learning.

In **RE** lessons, we will study why different religions are different across the world and special places.

# Join in with the learning at home...

Why don't you watch...?

- The Prince of Egypt
- Documentaries about Howard Carter and Tutankhamen
