# Pupil Premium Strategy Statement 2023- 2024

1100

CH\_

Date: December 2024

Next review due by: December 2025

### **Pupil premium strategy statement**

This statement details our school's use of pupil premium (and recovery premium for the 2024 to 2025 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

### **School overview**

| Detail   | Data                                 |
|--|--------------------------------------|
| School name  | Southway Junior School               |
| Number of pupils in school   | 362                                  |
| Proportion (%) of pupil premium eligible pupils  | (61 pupils) 17%                      |
| Academic year/years that our current pupil premium strategy plan covers (3 year plans are recommended) | 2022/2023<br>2023/2024<br>2024/ 2025 |
| Date this statement was published  | December 2024                        |
| Date on which it will be reviewed  | December 2025                        |
| Statement authorised by  | Mrs V Smith                          |
| Pupil premium lead   | Miss G Bailey                        |
| Governor / Trustee lead  | Mrs E Wood                           |

### **Funding overview**

| Detail  | Amount     |
|---|------------|
| Pupil premium funding allocation this academic year   | £86,150.00 |
| Recovery premium funding allocation this academic year  | £9,207.50  |
| Pupil premium funding carried forward from previous years (enter £0 if not applicable)  | £0         |
| Total budget for this academic year   | £95,357.50 |
| If your school is an academy in a trust that pools this funding, state the amount available to your school this academic year |            |

## Part A: Pupil premium strategy plan 2022/2025

#### **Statement of intent**

At Southway Junior School it is our intention to ensure that all pupils, irrespective of their background or the challenges they face, make good progress from their starting points. We endeavour to understand every child's strengths and needs, making the best use of time and resources to move learning forwards.

Quality first teaching is at the heart of our approach, with a focus on areas in which disadvantaged pupils require the most support. This is proven to have the greatest impact on closing the disadvantage attainment gap and at the same time will benefit the non-disadvantaged pupils in our school.

We have allocated the Pupil Premium Grant to make sure all children have their needs met through quality first teaching, additional teaching assistants and intervention groups for academic progress, opportunities to access enrichment activities and effective pastoral and welfare support. We carefully track the impact of this funding on the attainment, progress and welfare of our disadvantaged children.

We provide pupil premium children with access to all areas of the curriculum, which their families may not be able to support with (e.g. PE kits, swimming, extra-curricular activities, educational trips.)

We fund in school learning mentor time, as well as a range of external practitioners and therapists to work with the children through play therapy and mindfulness in a safe and nurturing environment. We also run nurture groups and 1:1 sessions, led by an ELSA trained learning mentor are offered throughout the year to support these children emotionally.

We want to increase all pupil premium children's attendance in school and will support all families to ensure their child is able to attend regularly by monitoring attendance closely and setting up meetings to offer support and advice to those families if it is needed.

### Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

| Challenge<br>number | Detail of challenge  |
|---------------------|--|
| 1                   | Attainment   |
|                     | The percentage of children reaching age related expectations in reading, writing and maths is less than those not eligible for PP.   |
| 2                   | Social and emotional needs   |
|                     | An increasing number of pupils are presenting with Social, Emotional and<br>Mental Health needs. These challenges particularly affect disadvantaged<br>pupils, and can adversely impact on their attainment and create barriers<br>towards their learning. |
| 3                   | Self-regulation  |
|                     | Low self-esteem and a lack of self-regulation strategies for some of our pupils who are eligible for PP slows their progress.  |
| 4                   | Attendance   |
|                     | Poor attendance and persistent lateness for some PP children; there are a small number of children with a concerning attendance pattern, resulting in short term absences and regular days missed throughout the week.                                     |
| 5                   | Extra-curricular access  |
|                     | Not all of our families have the ability to fully fund all extra-curricular access for swimming, musical instrument tuition, cycling, trips and visits etc   |

#### **Intended outcomes**

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

| Intended outcome   | Success criteria   |
|--|--|
| To raise the attainment and rate of pro-<br>gress of pupils at risk of underachieving<br>in reading, writing and maths | Pupils eligible for PP will have made at least<br>expected progress so attainment in all areas<br>at the end of the year is in line with<br>expectations and will have been raised from<br>their baselines. All pupils will have made at<br>least expected progress. This will be<br>evidenced through testing and assessments,<br>which show raised attainment and progress<br>across the curriculum. |

|   | 1  |
|---|--|
| To ensure that all pupils can access cur-<br>riculum enrichment activities.   | <ul> <li>Pupils' confidence and engagement with<br/>learning will have increased and be<br/>measured through observations.</li> <li>Pupil will have shared and be included in a<br/>wide range of experiences that enrich their<br/>personal and educational lives.</li> <li>Pupils are able to share experiences with<br/>their peers in class and assemblies.</li> </ul> |
| To ensure pupil's emotional health is<br>supported so that they will enjoy and<br>engage with school and demonstrate<br>effective behaviour for learning. | Pupils will be able to utilise a range of<br>strategies to promote a positive learning<br>environment. These will be the product of time<br>spent on a range of emotional well-being<br>support sessions such as Zones of<br>Regulation, 1:1 and group sessions with the<br>school learning inclusion mentors and ELSA .<br>External agency support- mindfulness clubs.    |
| To ensure children will have good rates<br>of attendance and punctuality to<br>maximise learning opportunities.   | Attendance rates and incidents of lateness for<br>children eligible for the pupil premium grant<br>will be in line with figures for non-PP children<br>and attendance figures will be 95% or above.  |

### Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

#### **Teaching (for example, CPD, recruitment and retention)**

Budgeted cost: £ 79,840

| Activity   | Evidence that supports this approach   | Challenge<br>number(s)<br>addressed |
|--|--|-------------------------------------|
| Retention of quality teachers  | EEF 'teaching should be a top priority,<br>including professional development,<br>training and support for early career<br>teachers, recruitment and retention'. | 1,2 and 3                           |
| Pupil Premium<br>coordinator/SLT<br>teacher/Class teachers<br>have time allocated for<br>professional<br>development and<br>collaboration as year<br>group teams to ensure<br>quality first teaching<br>and a whole school<br>teaching approaches<br>are consistent<br>throughout year groups<br>and the school. | Consistency and coherence at a whole-<br>school level are paramount.   | 1,2 and 3                           |
| Teaching assistant<br>support in all classes to<br>support quality first<br>teaching within the<br>classroom.  | EEF suggests that support in the<br>classroom rather than on interventions<br>is more effective.   | 1,2 and 3                           |

# Targeted academic support (for example, tutoring, one-to-one support structured interventions)

Budgeted cost: £ 33,322

| Activity   | Evidence that supports this approach  | Challenge<br>number(s)<br>addressed |
|--|---|-------------------------------------|
| Targeted 1:1 and group<br>interventions led by<br>teachers, HLTAs and<br>TAs to pre-teach<br>concepts or address | EEF evidence indicates that one to one tuition can be effective, providing approximately five additional months' progress on average. | 1,2,3                               |

| misconceptions and gaps  |   |           |
|--|---|-----------|
| Learning inclusion<br>mentor working with<br>pupils, supporting in<br>class.   | EEF found that one to one tuition might<br>be an effective strategy for providing<br>targeted support for pupils that are<br>identified as having low prior attainment<br>or are struggling in particular areas.  | 1,2 and 3 |
| HLTA Homework<br>support across KS2. To<br>enable pupils to<br>complete homework or<br>classwork,<br>consolidating learning<br>in an appropriate<br>environment with adult<br>support. | The average impact of homework is<br>positive across both primary and<br>secondary school. Some pupils may not<br>have a quiet space for home learning so<br>an appropriate environment as well as<br>adult support is provided to pupil<br>premium children. | 1 and 5   |
| 1:1 adult support in all<br>lessons, morning break<br>and lunchtimes for an<br>identified child.   | One to one adult support is necessary<br>and has been instructed to meet these<br>needs of this particular child.   | 1,2 and 3 |
| Specific support for<br>morning break and<br>lunchtimes  | Every pupil should have a supportive relationship with a member of school staff.  | 2 and 3   |
| Specific intervention<br>programmes purchased<br>to support phonics,<br>reading and maths  | EEF found that approaches involving digital technology can also be effective with teaching assistant support.   | 1 2 and 5 |

# Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: £16,718

| Activity   | Evidence that supports this approach   | Challenge<br>number(s)<br>addressed |
|--|--|-------------------------------------|
| Pupil Premium Co-<br>Ordinator / Welfare &<br>Admin Officer –<br>facilitate access to (or<br>provision of)<br>enrichment activities;<br>emotional support<br>and family liaison. | Pupil/parent and staff perceptions of<br>impact of emotional support on self-<br>esteem and learning (questionnaires). | 1, 2 and 3                          |
| Ensure correct<br>provision for PP<br>children is being<br>accessed and offered  |  |                                     |

| Monitor and track  |  |            |
|--|--|------------|
| effectiveness of   |  |            |
| spend<br>Training of TAs/Staff   |  |            |
| Liaise with  |  |            |
| parents/carers and   |  |            |
| outside agencies   |  |            |
| ELSA support and<br>ELSA training  | Evidence from the EEF's Teaching and<br>Learning Toolkit suggests that effective<br>social and emotional learning can lead<br>to learning gains of +4 months over the<br>course of a year. | 1, 2 and 3 |
| SENDCo/TA time to<br>support transition or<br>unexpected changes for<br>some PPM children  | Evidence from the EEF's Teaching and<br>Learning Toolkit suggests that effective<br>social and emotional learning can lead<br>to learning gains of +4 months over the<br>course of a year. | 1, 2 and 3 |
| Your Space<br>therapy/Mindfulness<br>support for emotional,<br>sensory and nurturing<br>activities.  | Evidence from the EEF's Teaching and<br>Learning Toolkit suggests that effective<br>social and emotional learning can lead<br>to learning gains of +4 months over the<br>course of a year. | 1, 2 and 3 |
| Pupil Support Fund to<br>remove barriers to<br>participation and lack of<br>self-esteem. It provides<br>access to school<br>uniform, PE kit, Hot<br>dinners,<br>breakfast/snacks,<br>transport, period<br>poverty. | Records of uptake of uniform and<br>Chartwells meals show an improved<br>participation and attendance.   | 2 and 4    |
| Subsidised trips and<br>enrichment activities  |  |            |
| (including school residential, aspirational  |  |            |
| activities) – all Y4 & Y6  |  |            |
| pupils offered 50%   |  |            |
| reduction for residentials   |  |            |

### Total budgeted cost: £129,880

# Part B: Review of outcomes in the previous academic year

### Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2023 to 2024 academic year.

#### IMPACT OF 2023/24 Pupil Premium Strategy

During the academic year 2023-2024 there were 59 PP children 17% children were in receipt of Pupil Premium (59 children). This is significantly lower than 24.6% on average across the primary phase in England. It must be noted that 33.9% of pupil premium pupils in the school were on the SEND register having been identified as having Special Education Needs and/or disabilities.

| Year 6 (14 children)            | 71%      | 43%     | 64%       |
|                                 | , 1,0    | 10/0    | 0.70      |
|                                 |          |         |           |
|                                 |          |         |           |

# Intended Outcome 1: To raise the attainment and rate of progress of pupils at risk of underachieving in reading, writing and maths.

At end of Key Stage 2 71% children in receipt of pupil premium were at or higher than the expected standard in reading compared to 80% of not pupil premium children.

At end of Key Stage 2 43% children in receipt of pupil premium were at or higher than the expected standard in writing compared to 66% of not pupil premium children.

At end of Key Stage 2 64% children in receipt of pupil premium were at or higher than the expected standard in maths compared to 84% of not pupil premium children.

The attainment gap between the Pupil Premium children and Non-PP children, the gap was reduced and in-year data shows progress for children was evident. In reading the gap between PP and All children was reduced to 9%, in writing to 23% and 20% in maths.

Attainment and progress have been noted as an area for improvement within the current pupil premium strategy plan.

# Intended Outcome 2: To ensure that all pupils can access curriculum enrichment activities.

Children in receipt of PP funding and their families have been offered a 50% price reduction in all trips and educational visits as well as a 100% discount for extracurricular activities such as swimming lessons. We also supported disadvantaged/vulnerable children that did not qualify for PP funding with trips. Our aim is to continue to increase the number of children attending extracurricular activities with some targeted invitations as well as widening the offer of activities, within school. We provided all children eligible for PP funding with logoed school uniform at the start of the academic year, as well as suitable footwear.

Intended Outcome 3: To ensure pupil's emotional health is supported so that they will enjoy and engage with school and demonstrate effective behaviour for learning.

Throughout the year on a needs basis we have funded play therapy and mindfulness sessions for many children eligible for PP funding

*ELSA Provision:* Our ELSA worked with children over the academic year on various topics personal to each child such as self-esteem, grief, growth mindset emotion and anger management. In total over half of the children on the ELSA's caseload were in receipt of PP funding.

External providers that worked with children on a 1:1 basis weekly *YourSpace:* All children that accessed this service were in receipt of PP funding. *Mindfulness:* All children that we as a school referred and funded to access this service were in receipt of PP funding.

Intended Outcome 4: To ensure children will have good rates of attendance and punctuality to maximise learning opportunities.

Attendance for children in receipt of pupil premium was 93.3% compared to 95.6% not pupil premium children.

Pupils requiring additional support are identified in discussion with the Head, SENDCo and Attendance officer to help assist the families and children.

### **Externally provided programmes**

Please include the names of any non-DfE programmes that you purchased in the previous academic year. This will help the Department for Education identify which ones are popular in England

| Programme | Provider |
|-----------|----------|
|           |          |
|           |          |
