

Pupil Premium Spending 2013-14

The Department for Education states:

- The Government believes that the Pupil Premium, which is additional to main school funding, is the best way to address the current underlying inequalities between children eligible for free school meals (FSM) and their wealthier peers by ensuring that funding to tackle disadvantage reaches the pupils who need it most.
- In most cases the Pupil Premium is allocated to schools and is clearly identifiable. It is for schools to decide how the Pupil Premium, allocated to schools per FSM pupil, is spent, since they are best placed to assess what additional provision should be made for the individual pupils within their responsibility.
- The Pupil Premium is allocated to children from low-income families who are currently known to be eligible for FSM in both mainstream and non-mainstream settings and children who have been looked after continuously for more than six months.
